

# 2020 & 2021 HEINRICH WIELAND PRIZE

## AWARD SYMPOSIUM

### OF THE 2020 AND 2021 HEINRICH WIELAND PRIZES

1.00–9.00 p.m. on 21 October 2021

Join the livestream from Nymphenburg Palace, Munich, Germany

#### Speakers:

##### **Andrea Ablasser**

EPFL, Lausanne, Switzerland – Sensing DNA as a danger signal inside cells

##### **Thomas Boehm, Heinrich Wieland Laureate 2021**

MPI of Immunobiology and Epigenetics, Freiburg, Germany – Evolutionary novelties in vertebrate immune systems

##### **Alessio Ciulli**

University of Dundee, UK – How PROTACs work: Molecular recognition and design principles

##### **Craig M. Crews, Heinrich Wieland Laureate 2020**

Yale University, New Haven, USA – Targeted protein degradation: A new therapeutic modality

##### **Ivan Đikić**

Goethe University Frankfurt, Germany – Surprises in science – lessons from COVID-19

##### **David G. Schatz**

Yale University, New Haven, USA – Transposons and the evolution of the adaptive immune system

##### **Sir Gregory P. Winter**

MRC-LMB and Trinity College Cambridge, UK – Pharmaceuticals: From chemicals to biologicals and back again?

##### **Cynthia Wolberger**

Johns Hopkins University School of Medicine, Baltimore, USA – Molecular basis of histone code cross-talk

Register until 30 September 2021 via [www.heinrich-wieland-prize.de](http://www.heinrich-wieland-prize.de) to join the livestream, and to meet and discuss with the laureates and speakers.

#### HEINRICH WIELAND PRIZE

The Boehringer Ingelheim Foundation endows this international 100,000 euro award to honour outstanding research on biologically active molecules and systems in the fields of chemistry, biochemistry, and physiology as well as their clinical importance. The prize has been awarded annually since 1964.
